

The background image shows a restaurant interior with a bar and tables. The lighting is dim and colorful, with purple and blue hues. There are tables with chairs, a bar counter, and some neon signs. The overall atmosphere is modern and trendy.

FOR THE MARKETING ASSOCIATE

Your new booking system, in ten minutes.

Everything you used to do by hand still happens. The portal just remembers it for you, emails the customer for you, and shows you what's next.

catchinup.tablebondgroup.ph/manage.html · October 2026

What changed, and what didn't.

Before

Inquiries in Messenger, quotes typed by hand, dates on a notebook, deposits in screenshots, nobody sure who called whom.

Now

Customers book online and get a reference. Every event shows six steps. One click sends the food guide, the SOA, the "date locked" email. The calendar is colored by status.

Still you

You still call the customer, confirm the menu, read the screenshot and close the deal. The buttons are there so you don't have to write anything twice.

One rule to remember

Every time you talk to a customer, press the matching button. That is how your response time and your commission are counted. If it isn't in the portal, it didn't happen.

Three moves, every day.

1

Open Today

Sign in. The **Needs you** card lists every event waiting for a call and every big group waiting for a down payment. Start at the top.

2

Work the Events list

Each row shows a color and a **Next step**. Open the event, do the step, press the button. Yellow first, then orange, then blue.

3

Reply within 2 hours

New inquiries arrive by email and show on Today. Contact them within two hours and press **I contacted them**. That stamp is your KPI.

Also once a day: check **Marketing** → **Past inquiries** for follow-up calls due today, and glance at the **Calendar** for clashes.

GETTING IN

Sign in and find your way.

- 1 Sign in**
Your email and the password you set. "Email me a sign-in link" works too.
- 2 Left menu**
Today, Bookings, Events, Calendar, Marketing, Playbook. Settings holds your password.
- 3 Your role**
Shown at the bottom left. Marketing associate sees everything you need; nothing you don't.
- 4 Feedback**
Bottom right on every page. Something confusing? Tell us there.

TODAY

Your morning screen.

1 Four numbers

Tables tonight, big groups waiting for down payment, events waiting for a call, confirmed event value this month.

2 Needs you

Click any line to open it. Yellow "Pencil" lines are new event inquiries: call these first. "Waiting 4.4 h" means the clock is running.

3 Tonight

What's booked tonight at both branches, for when the floor team asks.

What they did before you call.

The customer picked a branch, date, slot and guest count, chose a package or built a menu (or skipped it), accepted the privacy notice and sent the inquiry. The site pencil-books the date for 24 hours.

- 1 **They have a reference**
CU-261002-001. Use it when you talk.
- 2 **They have an email**
With a six-step "what happens next", the food guide and a link to change their menu.
- 3 **They may know about a clash**
If someone else pencil-booked the same slot, both were told: first down payment wins.

The screenshot shows the 'Private events' booking page for Catchin' Up. The page has a dark theme with pink accents. At the top, there's a navigation bar with links: Home, About, Private events, and Book now. Below the navigation bar, there's a 'Back to home' link. The main heading is 'Private events', followed by a subtext: '20 guests and up · exclusive use of the venue · packages or build your own menu.' Below this, there's a progress bar with four steps: 1. YOUR EVENT, 2. HOW TO BOOK, 3. YOUR MENU, and 4. REVIEW & SEND. The current step is '1. YOUR EVENT', which has the heading 'Tell us about your event'. Under this heading, there's a 'Which branch?' section with two options: 'San Antonio Place' (selected) and 'Jupiter Street'. Each option has a description. Below the branch selection, there are input fields for 'Your name', 'Mobile number', and 'Email'. The 'Your name' field contains 'Ana Cruz', the 'Mobile number' field contains '09171234567', and the 'Email' field contains 'you@email.com'. There's a 'Feedback' button at the bottom right.

The screenshot shows the 'Pencil booked.' confirmation page. At the top, there's a header with the Catchin' Up logo and the text 'CATCHIN' UP PUB · MAKATI'. Below the header, the main heading is 'Pencil booked.', followed by a message: 'Thanks, Ana. Your date is held for 24 hours while a marketing associate reviews your inquiry and gets in touch.' Below this, there's a section titled 'INQUIRY REFERENCE' with the reference number 'CU - 261002 - 001'. At the bottom, there's a footer with the text 'CATCHIN' UP · GUIDE · 6' and a note: 'Please note. Another customer also has a pencil booking on this'.

Send the SOA without typing it.

1 Go line by line with the customer

Date, venue, guests, menu, amounts, deposit, contact. Tick each one as they confirm it; if something changed since they inquired, type the new value right there and the totals recalculate.

2 Addressed to and TIN

Their name, or the company. TIN only if they need it on the SOA.

3 Send SOA by email

Unlocks when everything is ticked. The SOA carries the branch QR codes and account names, the 50% deposit and the steps. Status turns blue.

4 Preview / print

The screenshot displays the 'Catchin' Up MANAGEMENT' app interface. On the left is a dark sidebar with navigation options: Today, Bookings, Events (highlighted), Calendar, Table seating, Marketing, Playbook, and Settings. The main area shows the 'Statement of account' form for a private event. The form includes sections for event details (date, slot), venue and area, number of guests and occasion, menu lines, and financial amounts (food & drinks, service charge, total, deposit). At the bottom, there are fields for customer name, mobile, and email, along with a 'Contact' checkbox. A 'NEXT STEP' sidebar on the right lists actions: Contact the customer, Ocular visit, Record down payment, Confirm advance order (marked 'Confirmed'), and Ask about ocular visit. The user's profile 'cy@x.com' and role 'Marketing associate' are visible at the bottom left of the main area.

Statement of account

Confirm each line with the customer and tick it; change anything that changed since they inquired. All ticked → send. The SOA uses the San Antonio Place QR codes and account names from Settings.

MARKETING

Your KPI and your commission.

- 1 Contacted within 2 hours**
Counts from the moment the inquiry arrived to the moment you pressed **I contacted them** (or moved it past Pencil). Aim for 80% or better.
- 2 Still waiting**
Red number. Should be zero by the end of your shift.
- 3 By associate**
Your handled count, speed, won, lost and commission.
Won = down payment confirmed on events you handled, or that came through your reactivation link.

Commission is computed from the owner's terms; you don't need to track it by hand.

The screenshot shows the 'Marketing' section of the 'Catchin' Up MANAGEMENT' interface. The left sidebar contains navigation links: Today, Bookings, Events, Calendar, Table seating, Marketing (selected), Playbook, and Settings. The main content area displays various KPIs and a table of data. Annotations 1, 2, and 3 are placed on the dashboard:

- Annotation 1:** Points to the 'Response KPI' card, which shows '8' website inquiries + big groups this month.
- Annotation 2:** Points to the 'Still waiting' card, which shows '2' inquiries still waiting for a reply.
- Annotation 3:** Points to the 'By associate' table, specifically to the row for 'Cy'.

Marketing KPIs:

THE CAMPAIGN

Past inquiries: email, text, call.

Everyone who asked about an event while the lease was uncertain gets first pick now. Each person has a personal link; any event booked through it, or after your call, is your channel.

- 1 Add people from a list**
Paste names, mobiles, emails, dates straight from Excel.
- 2 Email everyone**
One click sends the "booking is open, you get first pick" email with their link.
- 3 Text everyone**
Open a person, copy the message or tap "Open in SMS app", press Mark as texted. Or export the CSV to your SMS tool.
- 4 Call, gently**
Did they see it? Need help? Save the outcome and a follow-up date. Booked ones turn green by themselves.

The screenshot displays the 'Marketing' section of the 'Catchin' Up Management' app. The left sidebar contains navigation options: Today, Bookings, Events, Calendar, Table seating, Marketing (selected), Playbook, and Settings. The main content area shows campaign progress for October 2026. At the top, there are five summary cards: Checklist items published (0/0), Posts awaiting approval (0), Enquiries converted (0/0), Replied within 2h (0/0), and Commission earned (0.50% of verified bookings ≥ ₱30,000). Below these are tabs for Response KPI, Past inquiries (selected), Posting calendar, Checklist, and Enquiry log. The 'Past inquiries' tab shows five cards: Past inquiries on the list (3), Emailed (2), Texted (0), Called (1), and Booked from this list (1). A section titled 'The play' provides instructions for using the tool. Below this is a search bar and a dropdown for 'All statuses'. A table lists inquiries with columns: PERSON, INQUIRED, STATUS, EMAIL, TEXT, CALL, FOLLOW UP, and BOOKING. The first row shows 'Maria Santos' with an 'Emailed' status. A modal window is open, showing details for a past inquiry on Sun, Jun 14, channel: Cy, for Maria Santos. It includes contact information, the event they asked about (40 pax Christmas party), and a link to the booking page. A 'Copy' button is next to the link. The modal also shows '1 · Email'.

- 1 · Pencil booked (automatic)**

The website pencil-books the date for 24 hours and emails the customer their reference, the food guide link and a 'plan your menu' link. If someone else also pencil-booked the same slot, both customers are told the first down payment wins.

Open the event in the portal: the 'Where we are' steps show what to do next. Everything you click there emails the customer in the same design.

- 2 · Contact within 2 hours**

Hi [Name], this is [Your name] from Catchin' Up! Thanks for pencil-booking [date, slot] at [branch] for [guests] guests. I'd like to confirm a few details and your menu. Is now a good time? Would you also like to drop by for an ocular visit before we finalize?

Press 'I contacted them' (this is your response-time KPI). If they haven't chosen food yet, press 'Send food guide'; the email carries the menu planner link.

Copy
- 3 · Ocular visit (optional)**

Great, let's set your visit: how about [day, time] at [branch]? I'll walk you through the space and the set-up for [guests] guests.

Press 'Set a visit' (customer gets the email) or 'Not needed'. After the visit, press 'Visit done'.
