Reply templates: tables and groups

"May table pa ba / can we reserve?" (up to 6)

Hi [Name]! Yes, you can book your table in under a minute here: catchinup.tablebondgroup.ph. Pick the branch, date and time and it shows you what's open. It's free, no deposit. See you at Catchin' Up!

Friday request (up to 6)

Hi [Name]! Fridays are walk-in only for small tables, so no reservation needed; just come early for the best spots. If you're 7 or more, you can still reserve a Friday as a big group here: catchinup.tablebondgroup.ph.

"We're 10 pax / barkada birthday" (7 to 18)

Hi [Name]! For 7 to 18 guests, book under "Big group" here: catchinup.tablebondgroup.ph. It's ₱400 per head minimum consumable (food and drinks), and a ₱100 per head down payment holds your tables; the down payment is deducted from your bill. You can even order your food ahead so it's ready when you arrive. The site shows the QR for the down payment at the end. Just send us the screenshot with your reference number and you're confirmed!

Reply templates: events, payments, problems

"How much for 40 pax / company party?" (20+)

Hi [Name]! Exciting! The fastest way to see packages and get an estimate is here: catchinup.tablebondgroup.ph, tap "Private event". Choose your date, number of guests and packages, and it sends us your inquiry with a reference number. Our events team will then confirm the date and your final quote. If you'd rather, tell me the date and headcount and I'll walk you through it.

Big group between Oct 20 and Dec 20

Hi [Name]! From Oct 20 to Dec 20 we're on private-events season, so big-group bookings are paused. You can still book a free table for up to 6, or if you'd like the place to yourselves, I can set you up as a private event. Which works for you?

Down payment screenshot received

Got it, thank you [Name]! Reference [BG-xxxxxx-xxx] is now confirmed for [date, time, branch, pax]. Please arrive within 15 minutes of your time; the tables are yours for 2 hours but stay as long as you like. See you!

Then in the portal: open the booking → Down payment received.

"The site didn't work"

Sorry about that [Name]! Can you tell me what it said on the screen (or send a screenshot)? Meanwhile, give me your branch, date, time and number of guests and I'll book it for you from here.

Then in the portal: Bookings → Add by hand.

30-second script

"Catchin' Up Pub, good [afternoon], this is [Name]!"

Table, up to 6

"Sure! The quickest way is our booking page, catchinup dot tablebondgroup dot ph, it shows the open times right now and it's free. Or I can do it for you: which branch, what date and time, and how many of you?" → book it under Add by hand → "You're set, your reference is TR- [...]. Show it at the door, come within 15 minutes of your time, and the table's yours for 2 hours."

Friday, up to 6

"Fridays are walk-in only for small tables, so no need to book, just come early. For 7 or more I can still reserve."

7 to 18

"For a group that size we do a ₱400 per head minimum on food and drinks, and a ₱100 per head down payment that comes off your bill. I'll text you the link so you can pick your tables and pay by QR; the moment we get your screenshot you're confirmed."

20 and up

"Perfect, that's a private event. May I get your name, the date and how many guests? I'll send you the link to see the packages and build your estimate, and our events team will call you back with the final quote."

Always read the reference back and repeat the arrival rule. Never quote package prices from memory; the site and the proposal PDF are the source.
